Sole Source/Single Source Designation

Designation	Sole Source Designation
-------------	-------------------------

Sole Source/Single Source Justification	Flock Safety has a product called Flock Falcon which is an LPR (License Plate Reader) tied into a nationwide database and search engine. The city owns 1 Flock camera already. Several neighborhoods in the city are using Flock too and the police department has been given access to these cameras by the respective HOAs. We are looking to add more city cameras into the Flock system which has unique search and notification abilities nationwide. We can buy LPR cameras from other vendors but they would not integrate with our existing Flock system so they would not accomplish our goal of having these new cameras as part of our Flock system. In order to add more cameras to our Flock system, they must be Flock cameras.
